“Education is the passport to the future, for tomorrow belongs to those who prepare for it today”.

Congratulations to all our 2023 cohort, who despite facing unprecedented challenges during their secondary education, have persevered to complete their GCSE examinations this year. In a year where the number of passing grades has fallen nationally, we continue to support the high expectations shared by students and staff alike.

Congratulations also to candidates on our Gifted & Talented programme, who despite taking GCSE examinations a year early, enjoyed great success at GCSE. You continue the tradition of academic excellence at St Crispin's Grammar School, and I hope these outstanding results will encourage you to reach for the pinnacle next academic year.
